TESTIMONIALS/REVIEWS

Excellent lessons. I've learned 10 times what I expected to. Good instruction and explanations. I also love that he sends recaps of what we learned so I know what to practice. Highly recommend.

"Always friendly, great sense of humor and ability to know his audience. Can dissect and deliver a meaningful concept that is worthwhile learning. His lessons and academy sessions are invaluable and my game has improved immensely. Thank you for your time."

Seth was knowledgeable of the game of golf. He was patient and encouraging. Provided positive feedback and followed up our lesson with specific practice drills.
